

## Committee Meeting of 13 Feb 2006

There was a Troop 165 Committee Meeting on 13 Feb 2006. The focus of the meeting was to cover the turn over of chairmanship from Mr. Frank Pacello to Andy Mittura. The list of subcommittees was identified and updated. Some subcommittee chairs were identified. Additional subcommittee chairs need to be identified. The current list of subcommittees is below:

The second item of business is the new training rules put out by BSA. At present most adult members of the troop need to renew training certificates. This needs to occur soon since there are few who qualify for trips.

Mr. Conrad presented an update on the troops Philmont trek in August. Presently, there are two open slots for boys interested in attending.
